

# OSCAR KWAN

SOFTWARE DEVELOPER  
WEB DEVELOPER  
AUTOMATION QA

## ABOUT ME

I'm Oscar Kwan, a recent Computer Systems Technology graduate from BCIT specializing in the Data Communications Option. I'm a passionate front end developer who has a sharp eye for developing pixel-perfect designs.

When I'm not learning about the latest web technologies, you can find me playing basketball, hockey or exploring the city.

## CONTACT ME

10-7393 Turnill Street  
Richmond, B.C.

## WORK EXPERIENCE

### CO-OP AUTOMATION DEVELOPER (QA)

Global Relay JAN 2015 - AUG 2015

Worked as a manual and automation tester specifically doing test automation scripting using Selenium. Gained experience in testing a large scale web based application with tools such as WebDriver, Grid, and JUnit. Became familiar with project management tools such as JIRA and Git.

### JUNIOR WEB DEVELOPER & GRAPHIC DESIGNER

Freeing Canada NOV 2014 - FEB 2016

Responsible for maintaining and updating the WordPress website using technologies such as HTML, CSS, JS, jQuery, PHP, and SQL. Created graphic and print design for posters and web content in Adobe Photoshop and Illustrator. I was assigned to revamp the website with a completely new look.

## EDUCATION

### BRITISH COLUMBIA INSTITUTE OF TECHNOLOGY

COMPUTER SYSTEMS TECHNOLOGY DIPLOMA 2014 - 2016

Heavy emphasis on team-based projects and hands-on skills. Intensive program with a heavy workload which enhanced my ability to manage my time well. I specialized in the Data Communications option where I designed and developed projects such as a multiplayer game and a wireless protocol windows application.

### SIMON FRASER UNIVERSITY

INTERACTIVE ARTS & TECHNOLOGY 2012 - 2014

Studied a diverse range of design topics such as interaction, graphic and spatial design. Learned that good design aids effective communication and that human-centric designs applied with technology can help enhance people's lives.

## SKILLS

### PROGRAMMING

- C, C++, Java, HTML5, CSS3, JavaScript, jQuery, jQuery Mobile, PHP, SQL

### DESIGN

- Fundamentals of UI/UX design principles
- Usability testing and iterating UI designs
- Good web design principles
- Sense of typography and spatial design

### APPLICATIONS & TOOLS

- Git, Eclipse, WordPress, Photoshop, Illustrator, PHPStorm, Android Studio, Win32, Linux

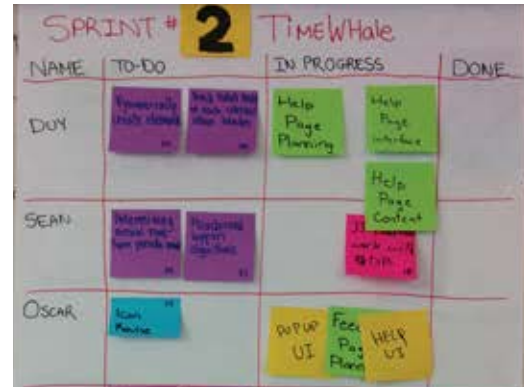

## PROJECTS

### HUSHIO Android App

Gained industry experience in a software development project from design to deployment. Implemented material design UI and coded in Java using Android Studio.

### TimeWhale Mobile App

Developed a mobile web app for time management that dynamically shows prioritized tasks at a glance. Gained first-hand experience using the Agile Scrum methodology.

### [www.oscarkwan.net](http://www.oscarkwan.net)

Created my own portfolio website from scratch using HTML, CSS, JS & jQuery.

### [www.freeingcanada.ca](http://www.freeingcanada.ca)

I was assigned to constantly maintain and improve the website using WordPress and to implement best SEO practices. I'm also currently working on revamping the website to a new look.
